SIMPLE. POWERFUL. VERSATILE.
TEST EQUIPMENT MANAGEMENT SOLUTION

Kaelus Unify is a platform that offers a unique user experience for managing Kaelus Test & Measurement instruments, by providing a intuitive user interface, reporting efficiencies and measurement accuracy. Kaelus Unify includes a free downloadable app, as well as a management portal that enables each user to TEST, REPORT, and CERTIFY both PIM and sweep measurements—all engineered to verify carrier test requirements and generate revenue.

TEST, REPORT, AND CERTIFY
GET STARTED IN THREE EASY STEPS

1 Go to **FREE** portal at www.kaelus.com

2 Register each instrument on the portal

3 Install the Kaelus Unify app on mobile device and get started
