

IAK-0060A

IPA PREMIUM ACCESSORY KIT

Reach maximum efficiency and safety in your test environment through the Kaelus *iPA Portable PIM Analyzer and Range-to-Fault (RTF) technology, together with the Kaelus iAK Accessory Kit series. This kit includes all necessary accessories required to perform a system check of your Kaelus iPA PIM analyzer as well as all required PIM testing.

The iAK-0060A Premium Accessory Kit is designed to complete all your Kaelus PIM testing solution in any test environment, i.e., top of the tower, base of the tower, in-building DAS and rooftop systems. The carrying hard case is rugged and has customized storage for your iPA PIM Test Analyzer and accessories for protections during transport or on-site testing.

*iPA and RTF sold separately.

FEATURES

- High Capacity Battery
- PIM source and low PIM load
- Rugged, portable construction
